## PRINCIPAL'S MESSAGE

St. Mary's Boys' is reported to be a very praiseworthy seventeen classroom building, accommodating a large gymnasium, three laboratories, a shop, a cafeteria. That is the report but you and I, we who are on the inside, know the real St. Mary's.

St. Mary's Boys' is school every day, in weather fair or foul. It is teachers and subjects, liked or disliked. It is the companionship of other "guys", agreeing and dis-agreeing with them. It is football, basketball and track; sodality, debating, chess: all that begins once classes cease. St. Mary's is homework and review in spite of T. V. or friends who call out to claim time.

Boys of St. Mary's live according to their vocations as students: studying and recreating, cheering and groaning, winning and losing, complaining and yet persevering through the best years of their lives.

"GOD BLESS 'EM!"
